ORDERING

Please note how many people you wish to serve, number of layers, toppings and filling choices or special requests in order for us to give you a final quotation price.

Final price PER layers, fillings, toppings, extras.

We create sweet and savoury canapés for private or corporate catering and events, and can provide food services to workplaces.

CATERING

Please see our sample **GREEN TEA** Tasting Menus on our website and contact us so that we can help you make your choices.

Also see our **BESPOKE CHOCOLATE** section on our website for more information about how to make a statement at your next event or celebration with a customised display or gift boxes.

All food is made to order, per your requirements, so please give us as much notice as possible to ensure that we can create what you want and be able to fulfill your order ON TIME.

All of our products are **free from gluten, dairy, eggs, soy, artificial additives and preservatives**, and suitable for those who suffer from different dietary intolerances. However, we do use grain-based flours and nuts in a lot of our recipes

We specialise in plant-based products that are suitable for those with food intolerances. Although we abstain from gluten, the manufacturers of the alternative flours that we use produce traditional mixes. **If you are clinically diagnosed as coeliac or suffer from any other food intolerance, you need to exercise care in your choices.*
